

Genesis

In December, our group met at Kat Colclasure's house for food, fellowship, and community service. This was our first holiday service project, benefiting Artemis Center of Dayton, which provides support and information for victims of domestic violence and their children. Various local retailers generously donated products to fill cosmetic bags for Artemis clients.

We are currently using the Jesus Fatwah DVD series as a guide to prepare us for a late spring meeting with a local Imam. We are hoping that this connection to the Dayton Islamic community will become an ongoing outreach for Westminster Presbyterian Church.
